

CodeGreedy
BY PRAMOD BHOSALE

Welcome to Batch 6

Java & DSA

*New Batch. Same Dream.
Bigger Goals.*

Learn
Java

Master
DSA

Build
Real Skills

Get
Industry Ready

*Same You...
But Stronger
Soon!*

SOFTWARE
ENGINEER

JAVA

DSA

PROJECTS

PLACEMENTS

*"Small steps every day
lead to big achievements."*

Understanding You

600 400++
400

Startup → MERN

MMLS → Spring Boot → Java

DSA → problem solving

9

Array 15 $\frac{4/3?}{\text{Array}}$ Array → perfect

TCS / Infosys / Wipro / Capg

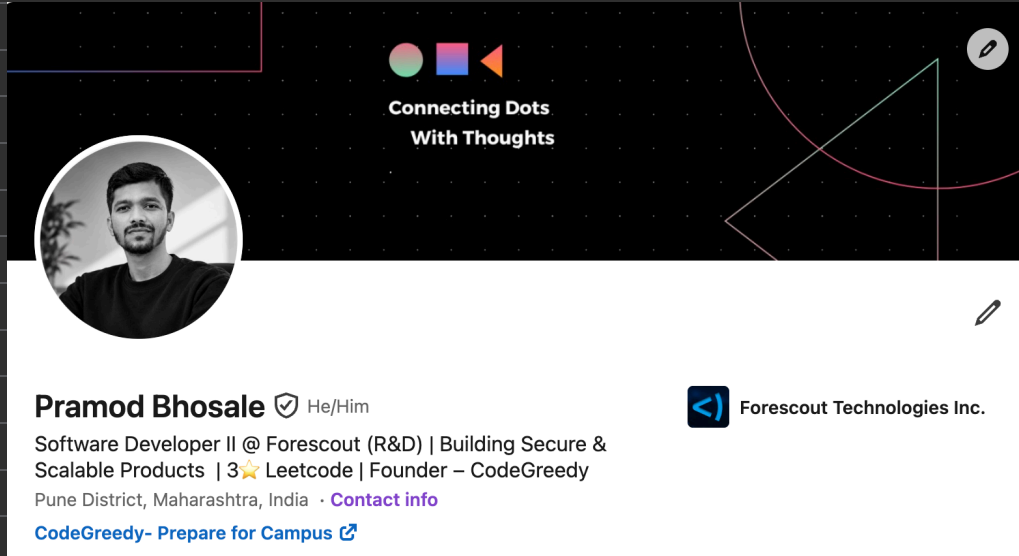

Startup

- DSA (
- Development

- Array
- String
- Hashing (70%)
- Two pointers
- Math Questn

- LL, Stack, Queue, Searching, Sorting

About Me

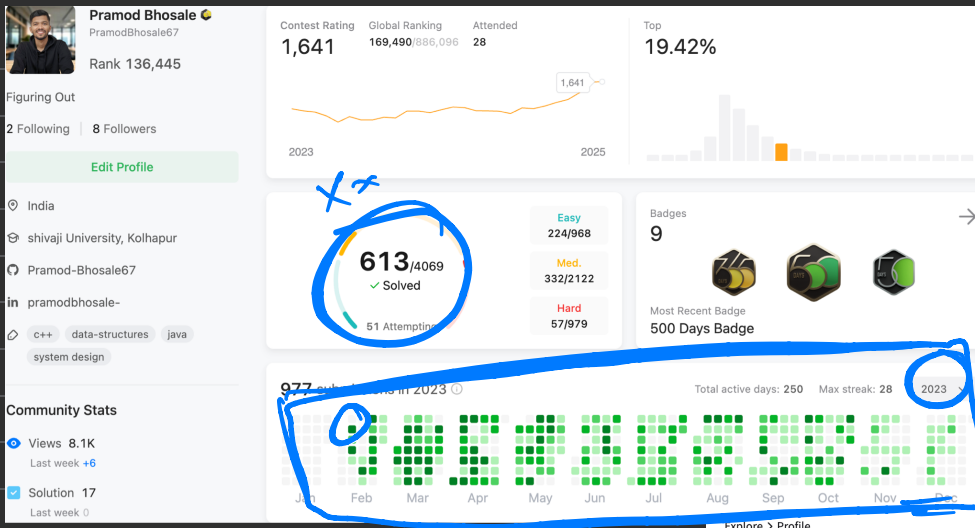

4 Years of Software Eng. Experience

✓ Leetcode 600+ Problem Solved

✓ GATE AIR 1009 2023

Taught 300+ Students

Delivered Sessions in 6 different Colleges

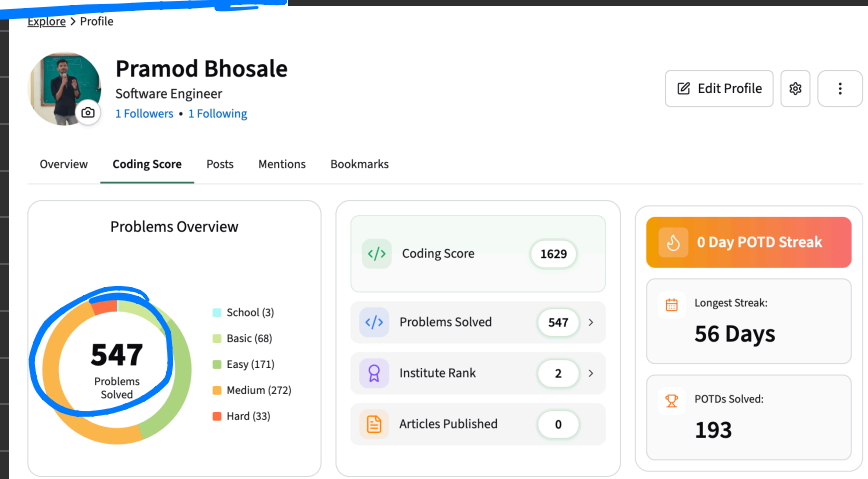

2021 - 3rd Nov

2021 20th Nov

2023 - 4th Feb

2023 6th
2023 Dec

3 LPA

solve(int[] arr)

}

}

2000 lines

{

int addValuesOFArray (int arr)

}

// 3000

{

Syntax: for loop

for (initialⁿ; condition; incr/decr)

```
for (1; 2; 3)
    printf("Hello")
```

```
for ( i i )
    printf("Hello")
```

Infinite
loop
